Jessica

Thank you for the signed engagement letter and cost proposal. While the proposal generally looks fine to us, we would like to include a step plan and timeline for the data transfer. Can you work with Deloitte to develop a timeline with milestones that can be included in the proposal please? We would like the data to be ready for transport by September 2, please. We will initiate an email chain with Deloitte to this effect so that everyone is on the same page.

Separately, we'd prefer the EL and proposal to be two stand-alone documents; we will get the EL signed and returned to you.

Thank you.

Kind regards,

Alexa

All,

It was a pleasure speaking with everyone today. As discussed, attached please find the following data and report inventories:

1. Data Inventory: Detailing data in NTi's possession. I've created two tabs; one tab showing the datasets provided to NTi for analysis and one tab showing the various copies, backups, productions requests, dtSearch indexes, etc.
2. Report Index: Detailing the investigative and analytical reports produced by NTi.
3. Production Request: Detailing Dechert's requested productions and keyword queries.

Many thanks,

*Jessica Gray*

**Subject:** Introduction - NTI / Sidley

Dear Jessica

I hope that you and your family are well. I apologise for not being in touch for several months following our previous email engagement relating to the NTI / RAK data. I have since discussed further internally in the context of a wider data location and migration exercise I have been working through. I thought it would be helpful to introduce you to the Sidley team who are advising RAK on the US aspects of its data. Would it please be possible for them to liaise directly with you to discuss the RAK data NTI holds and in order to put in place an engagement letter directly between NTI and RAK Development?

I understand that VMS will have separately touched base with you on this matter but apologies if they have not done so yet – I'm conscious of the time differences involved and wanted to ensure I sent this across before the end of my day.

Kind regards

**Louise Flanagan**
